## BETTER FOOD SUGGESTED AS CURE FOR ANARCHY

BERLIN, July 26.—Extermination of the anarchy germ by lucrative employment and better diet for those who harbor it is proposed by a noted psychologist who has just gone to Mannheim to attend the trial of the large number of the "reds" arrested in connection with this spring's open-air insurrection. Psychologists take the view that most of the anarchists would take a less radical stand but for their own poverty. They propose to make scientific studies of the accused, and will make a report of their conclusions at the end of the trial.

## WOMEN ATTACK STORES DURING KOSHER BOYCOTT

PHILADELPHIA, Pa., July 26.—The Jewish quarter was the scene of many disturbances and riots following the efforts of Jewish women to boycott kosher butchers, who had increased the price of meats. All throughout the ghetto there were fierce outbreaks, in which persons who attempted to patronize the stores were roughly handled. In several instances the stores were sacked and the meat destroyed.

## Everyone's "bargain hunter."

The financier who buys a whole issue of municipal bonds is looking for a bargain, no less than the housewife who studies the store ads before she buys.

Even if it is "second-hand," if it's still useful, a want ad will find a cash buyer for it.
